

FERRY LINES

(A) National ferry connections

Cagliari harbour is connected to a number of Italian harbours (Civitavecchia [close to Rome], Naples and Palermo) by the **TIRRENIA** company (<http://www.tirrenia.it/en/Pagine/homepage.aspx>).

(B) International ferry connections

There is a number of companies operating international ferry connections to Sardinia but none of them serves the Cagliari harbour. Relevant information can be found in

In case you choose to arrive to a harbour different from Cagliari please take into account the relative scarcity of public transportation services in Sardinia. For this reason the option of renting a car is strongly advised.
