THE UNIVERSE IN A QUANTUM

Etna Comics

6-9 June – Catania

INFN returns to Etna Comics, the International Festival of Comics, Games and Pop Culture. Thanks to the researchers of INFN Kids, the INFN Division of Catania and the INFN Southern National Laboratories, the children will be able to discover the elementary particles, the smallest bricks of matter, that make up everything, from the objects we use to the environment that surrounds us, to

the vast universe.

From 10 a.m. to 8 p.m., INFN will welcome young and old to its stand in the family area of the festival, offering the Leo and Alice comic strip series by INFN Kids, and various laboratory and game activities, such as particle memory, lego, atoms and nuclei, and amazing workshops on electromagnetism.

Information

QUANTUM. The Revolution in one Leap

7 and 15 June – Trento

Two events at MUSE - Trento's Museum of Science on the occasion of the 15 June closure of [Quantum. The Revolution in one Leap](#), the exhibition realised by INFN and MUSE and curated by INFN, dedicated to bringing the general public and schools closer to quantum mechanics, a theory that represents a great revolution both in scientific thought and in our vision of reality and the universe we are part of.

7 June, 6 p.m.

MUSE, Lobby - Trento

The Universe in a quantum

With Antonio Zoccoli, President of INFN, Virginia Benzi, @quantum_girl_vivi, science content creator and influencer

Quantum mechanics has revolutionised our view of the universe. Accompanied by a reading, a dialogue between Antonio Zoccoli, president of the Italian National Institute for Nuclear Physics, and Virginia Benzi, @Quantum_girl_vivi, will take us from the discovery of this extraordinary theory to the most modern technologies and the frontiers of research in physics that have their origins in quantum mechanics.

15 June, 4 p.m.

MUSE, Big Void - Trento**LAM dances Quantum Mechanics**

Six choreographies inspired by the exhibition Quanto. The students of the contemporary dance school L'Altro Movimento dance in the museum spaces, staging choreographies by Wally Holzhauser inspired by the themes of the exhibition.
